

# Sika Sarnafil Inc.

*World Class Roofing and Waterproofing*

January 7, 2010

**DRI COMMERCIAL**

17182 Armstrong Avenue  
Irvine, CA 92614  
Attn: Mr. John Patterson

Project:           **Applicator Status**

Mr. Patterson:

This letter serves to certify that DRI is an approved and qualified Sarnafil applicator in good standing for 2010.

DRI Commercial has been a Sarnafil Applicator for well over 15 years. Over the years, DRI Commercial has installed 4,500,000 square feet of Sarnafil PVC roofing membrane, and the quality of their workmanship has always been, and remains, of the utmost quality. DRI won the Sika Sarnafil 2007 Project of the Year award for low slope roofing, highlighting their expertise. In light of their history and performance, DRI has attained Sarnafil Elite Applicator status, which is the highest recognition we provide to a contractor.

We appreciate the work that DRI Commercial has done with Sarnafil, and DRI will continue to receive Sarnafil's recommendation to any owner who is interested in installing one of our roofs.

If you have any questions, or need additional information, please do not hesitate to contact me. I look forward to hearing from you soon.

Respectfully;

Eric Karman  
District Manager
